Ref: Response to final action mailed 03/25/2005, Request for continue Examination

Dear Mr. Laneau:

Please find attached my response to the final office action mailed in 03/25/2005 in relation to application 1/064,533 filed in 07/24/2002.

The attached documents include appropriate correction to the claims according to the objections and rejections informed by the examiner and arguments to overcome the new ground for obviousness rejection under 35 USC 103.

I have done this submission in bona fide and respectfully request to the office the withdraw of the obviousness rejections and the review of the amended claim in order to continue with the patent process for the invented business model.
